

e-Jelly will help you take medicine in a variety of situations!

The jelly coats your medicine so there is no sensation of having medicine in your mouth. It makes taking medicine easy.

You can knead the jelly to whichever softness you desire.

Can be used for everything from capsules and tablets to powders.

No need to crush medicine and mix with food. Use e-Jelly to quickly take medicine.

Crushing medicine can reduce its effectiveness!

e-Jelly has 1/10 the water when compared to drinking water with medication. Great for anyone on restricted water intake.

It's small so putting it in your bag is easy. And you don't need to carry extra water. When away from home taking medicine is a breeze.

With e-Jelly you can take medicine without water. If you don't have immediate access to water, it's no problem.

During emergencies e-Jelly has been used as a medicine support item.

Expiration date is 3 years (for small packets) and it's compact. Perfect for a disaster supplies kit!

Expiration date for the majority of other medicine support jellies is 1 year or less.
